

Myanmar Culture and Yangon General Hospital

**Phyo Pa Pa Min
1st Year Master Student
(Physical Therapy)
IUHW, Ohtawara Campus**

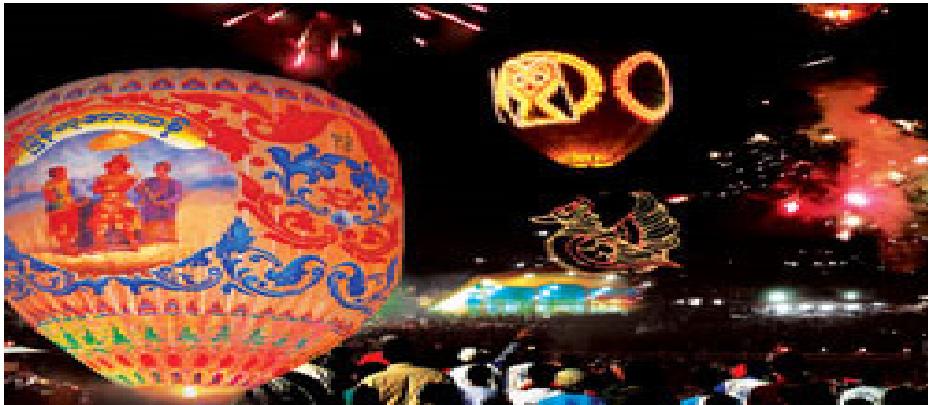

Culture

- ❖ A diverse range of indigenous cultures exist in Burma, the majority culture is primarily Buddhist and Bumar.
- ❖ In a traditional village, the monastery is the centre of cultural life. A novitiation ceremony called shinbyu is the most important coming of age events for a boy when he enters the monastery for a short period of time.
- ❖ All boys of Buddhist family need to be a novice (beginner for Buddhism) before the age of twenty and to be a monk after the age of twenty. It is compulsory for all boys of Buddhism. The duration can be as little as one week.

Myanmar Seasonal Festivals

Burmese culture is most evident in villages where local festivals are held throughout the year, the most important being the pagoda festival.

Yangon General Hospital

- Major public hospital in Yangon, Myanmar
- Located in a 35 acres (14 hectares) compound

Background and History

- ❖ Established in 1899 (115 Years old)

- ❖ To promote disability related quality of life of disabled person in cooperation and coordination with other and organizations.
- ❖ To produce qualified and efficient team members of rehabilitation according to the health needs of country

Organization Set-Up

No.	Category	Number
1.	Professor/Head	1
2.	Senior Consultant/ Associate Professor	1
3.	Junior Consultant/ Lecturer	1
4.	Specialist AS	5
5.	Specialist AS (under training)	16
6.	Physiotherapists	26
7.	Sister	1
8.	Senior Staff nurses	2
9.	Trained nurses	7
10.	Physio-aids	6
11.	Other workers	9
	Total	75

Types of disabilities treated

1. Hemiplegia
2. Traumatic and non-traumatic Paraplegia and Quadriplegia
3. Traumatic Brain Injury
4. Post fractures and dislocations
5. Arthritis and connective tissue disorders (eg; Rheumatoid arthritis, Osteoarthritis, Gouty arthritis, SLE etc.)
6. Musculoskeletal pain
7. Chest and Cardiac diseases
8. Dermatology Rehabilitation
9. Rehabilitation of burn
10. Rehabilitation of critically ill patients
11. Community based rehabilitation
12. Cancer rehabilitation

Out-patient Care

❖ Daily registration (Monday to Friday)

- 8:00 am – 12:00 noon
- 2:00 pm – 4:00 pm

❖ Out- patient consultation (Tuesday and Thursday)

- 8:00 am – 12:00 noon

Electro Therapy Room

Gymnasium

Inpatients Care

- ❖ 51 beds (Total)
- ❖ Male ward - 2 rooms
- ❖ Female ward - 2 rooms
- ❖ Private room - 3 rooms
- ❖ Admission day - Tuesday and Thursday
- ❖ From 3 Medical wards, 3 Surgical wards, Ortho and Traumatology ward and other specialist departments

Physiotherapy Room (Inpatient)

Robot-assisted Training

Physiotherapy Management (Inpatient)

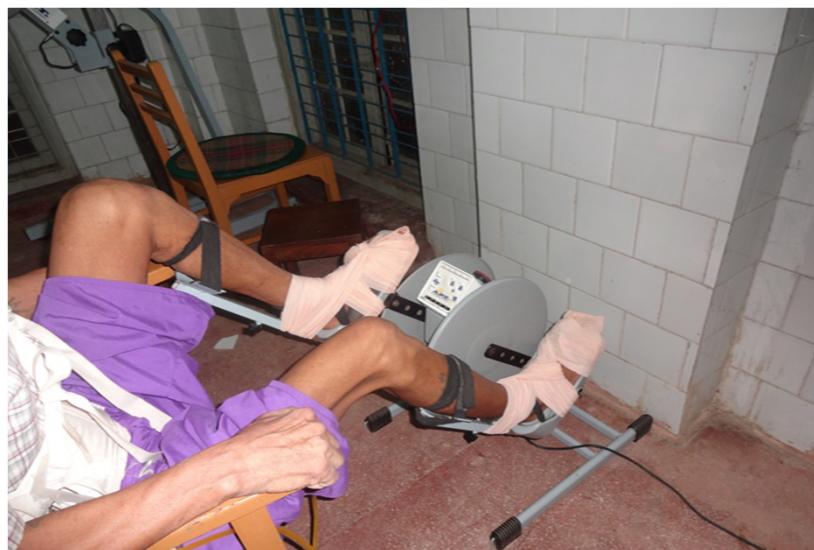

Electromyography (EMG)

Electrical Stimulation

Physiotherapy Management (Inpatient)

No of Patients Referred to PMR Department (2014 Jan-Aug)

Co-operation and coordination with other departments and Hospitals

- CME programs
- Referral for prostheses and orthoses
- Referrals and out-patient consultation
- Monthly Health talks
- Field trip and CBR programs

Teaching Activities

❖ Affiliated Teaching Institutions

- University of Medicine 1, Yangon
- University of Medical Technology, Yangon
- University of Nursing, Yangon
- Defence Service Medical Academy
- Military Institute of Nursing and
Paramedical Science

Teaching Activities

❖ Full Time

- Doctor of Medical Science (Rehabilitation medicine)
- 3 years course
- Master of Medical Science (Rehabilitation medicine) -
2 years course

❖ Part Time

- Master of Medical Science (Internal Medicine,
Pediatrics, Radiation Oncology, Dermatology,
Physiotherapy, Nursing)
- Bachelor of Medical Technology (Physiotherapy)
- Diploma in Nursing
- Diploma in Special Nursing

Activities for Education

- Weekly Journal Reading
- Monthly Clinical Meeting (last Wednesday of the month)
- Symposium and Refresher Course (two times per year)
- Field trip and CBR activities (2 times per year)
- Rehabilitation Conference annually

Promoting awareness for prevention of disabilities

- ❖ Develop strategies to promote community participation
- ❖ Awareness raising programs of disability prevention for public
 - educational talk, seminars, discussions
 - media support through journals, newspapers, TVs
 - community survey etc. Flyers, posters
